### **BEGINNING OF THE END**

OF MOTOR VEHICLE SERVICES IN ALL PACIFIC AREA MAIL PROCESSING AND NETWORK DISTRIBUTION FACILITIES IN THE STATE OF CALIFORNIA? In a letter dated

June 7, 2012, the Postal Service informed the APWU National President that it had decided to subcontract Postal Vehicle Services in all Pacific Area mail processing and network distribution facilities in the state of California, On July 11, 2012, the Oakland Local became aware of the letter and immediately contacted APWU Headquarters to ascertain if a date had been established for the subcontracting. I received a response on July 12, 2012, and was advised that no action had been taken by the Postal Service. I was also advised that Management had agreed to meet with them in two weeks to discuss the subcontracting issue. In the interim, all the California locals have been asked to find out what is

happening with the one and two ton trucks. It appears that the Postal Service has chosen to contract out that work because they cannot comply with the California emission regulations and that this is another ploy by the Postal Service to eliminate PVS.

### TO BE OR NOT 204B: THAT IS THE QUESTION

he 2012 Collective Bargaining Agreement (CBA) reduced the number of days that a clerk craft employee detailed as a supervisor without Previous CBAs allowed craft days, then sit down for not less supervising without forfeiting their permits them to act requires them to return to the continuous pay period (two Postal Service was required to except in the absence or vacancy

represented by the APWU may be losing his or her bid assignment. employees to supervise for up to 120 than 5 working days and resume bid assignments. The current CBA supervisors for only 90 days and for a minimum of one craft weeks). Effective June 1, 2012, the eliminate the usage of clerk 204-B's of a supervisor for 14 days or more.

Clerk employees now serving as 204-B's, as well as other craft employees under the auspices of the APWU, should be aware that the APWU will start enforcing the CBA provisions regarding 204-B's. Too many units are chronically short-staffed because of longterm 204-B details. People should consider carefully whether or not supervising for months at a time is worth the loss of one's bid assignment.

### MORATORIUM ON GRIEVANCE ACTIVITY

During the month of August 2012, many officers and stewards will be in Los Angeles, CA for APWU workshops and the APWU Biennial National Convention. Consequently, there will be a three week moratorium on the processing of grievances, disciplinary actions, and arbitration hearings for the period of August 13, 2012, to August 31, 2012.

# THE POSTMASTER

from the Postal Service with no relocation expenses and retreat rights. It has been reported that Postmaster Donahoe is obsessed with the idea of closing the USPS if Congress does not allow him to stop Saturday delivery, fire 120,000 employees and close 3,700 post offices. However, he has not pushed for Congress to return the overpayments made by the USPS for health benefits for retired workers. It's no wonder that postal employees across the nation are asking that he be fired.

### MAINTENANCE SUPPORT CLERKS RECEIVE UPGRADE

n an agreement reached by the APWU and the USPS on

May 9, 2012, all Maintenance Support Clerks (MSCs) Level 6 were upgraded

one pay level on day 1 of the pay period immediately following the issuance of MMO 057-12. The upgrades will be in place with no reposting or other impact on the duty assignments. The parties also reached agreement on an updated staffing criterion for MSCs.

# HIGHLIGHTS OF JULY 17, 2012 LABOR / MANAGEMENT MEETING

There are not many, but as usual, a lot of promises. On July 17, 2012, the APWU met with Management to discuss the thirty-one plus agenda items it had submitted. During the meeting Management provided the following:

- A procedure is being developed, via arbitration award, to assure bids and best qualified job offerings are posted behind glass on all three floors of the Plant
- NRPed employees who

have requested bid notices will start receiving them

- 1723s will be provided to the APWU when employees are detailed to 204-B positions
- A new cafeteria vendor has been selected
- Nothing has been finalized regarding changing the start times for Tour 1 Automation
- The unprofessionalism of some of the Tour 1 and MVS supervisors is being

addressed

- Fans will be provided in the area where the DBCS# 21-25 machines have been moved
- MVS Step 1 grievance designees will be allowed to settle grievances at Step 1
- Additional lighting will be installed in the yard
- Employees responsible for loading trailers will receive additional training

### SCANNING, IT'S A CLERK THING - ON OAKLAND LOADING DOCKS

Arbitrator sides with Oakland Local. On August 23, 2006, Arbitrator Donald Anderson issued a RI-399 arbitration award assigning scanning work on loading docks to the clerk craft. The APWU had argued successfully that the practice of allowing MailHandlers to perform scanning work was a violation of RI-399.

In his award, Arbitrator Anderson stated that: "The Employer violated RI-399 when it chose to

scanning work on foreign mail at the loading dock at the OISC as it did in this case. Such scanning is primary work of clerk General Expediters."

The Mail Processing Work Assignment Guidelines filed under Regional Instructions 399 (RI-399) provide primary craft designations relative to the performance of specific mail processing work functions. Compliance with the principles contained therein is mandatory and

applicable to the assignment of all categories of employees in the regular work

tne regular wo

For years, Management has

been violating the award by allowing Motor Vehicle Drivers, as well as Mail Handlers, to perform scanning work on the Plant loading dock. The Oakland Local has filed numerous grievances, and is in the process of getting them scheduled for arbitration.

This would be a good place to insert a short paragraph about your organization. It might include the purpose of the organization, its mission, founding date, and a brief history. You could also include a brief list of the types of products, services, or programs your organization offers, the geographic area covered (for example, western U.S. or European markets), and a profile of the types of customers or members served. It would also be useful to include a contact name for readers who want more information about the organization.
