Acupuncture for Pain Relief

Acupuncture can treat many different conditions of pain due to injury, including:

- **Back pain**
- **Neck pain**
- **Shoulder pain**
- **Elbow and wrist pain**
- **Knee and ankle pain**
- **Pain of the feet and hands**
- **Headaches**
- **Sciatica**
- **Arthritis**
- **Sprains and strains**
- **Chronic pain**
- **Post-operative pain**

"Acupuncture is effective for the treatment of chronic pain and is therefore a reasonable referral option."

-Archives of Internal Medicine-JAMA Sept. 2012
