SORTING AND DISTRIBUTION OF PRIORITY MAIL

June 23, 2019

Clerk Craft Members:

Based on the Step 3 settlement of a crossing craft violation grievance filed in 1999, which involved a twenty (20) year odyssey, the APWU has requested that all sorting and distribution of priority mail work being performed by mail handlers cease and desist immediately and that the work be assigned to clerks. The request was submitted to the Oakland P&DC Senior Plant Manager.
